

Have Confidence in Your Carrier

Key Attributes Signify Success

Not all Stop Loss carriers are the same. Make the right choice for your self-funded clients by considering what each potential insurance partner brings to the table. Certain characteristics should be present to help best protect your clients' bottom line and your reputation. Price is not the only consideration – performance, policy and protection are essential in helping to provide long-term client satisfaction.

Use Our Checklist: Are You Selecting the Right Carrier?

When you are helping clients to determine the Stop Loss carrier that is right for them, look for these key characteristics:

- Direct writer** – In-house decision-making responsibilities
- Financially sound** – Well capitalized; excellent ratings from AM Best Company
- Stable** – Demonstrated market history with significant tenure and experienced leadership
- Accurate** – Greater than 95% technical and 99% financial accuracy in processing/paying claims with limited delays and denials

By taking these elements into consideration, you help to direct your clients to coverage that achieves results and satisfaction.
