HM Stop Loss Disclosure Statement

Instructions - The Proposed Insured must conduct a Diligent Review of its health plan before completing the Disclosure Statement. The Disclosure Statement must be completed 30 days prior to the Stop Loss Policy effective date and returned to HM Life Insurance Company of New York within five days of completion by the Proposed Insured.

Note - Coverage will be automatically rescinded if the signed Disclosure Statement is not completed and returned to HM Life Insurance Company of New York within the above referenced time frame, unless other arrangements have been made prior to the execution of the application for insurance. All information will be treated as confidential.

To conduct a Diligent Review, the Proposed Insured should contact its producer, claims administrator, utilization review firms, and disability and workers' compensation carriers and any other party who has information regarding its employees to obtain the information requested. As agents for the Proposed Insured, any information these firms possess is deemed to be the Proposed Insured's information as well.

By signing the Disclosure Statement, the Proposed Insured is attesting that all "Known" potential large claimants have been disclosed. A claimant is "Known" if, at the time of the completion of the Disclosure Statement, the Proposed Insured had actual information about the claim or would have had such information if it had conducted a Diligent Review.

A claim will not be considered eligible under the Stop Loss Policy if it is determined that an individual to whom the charges apply and who has met any of the criteria addressed on the Disclosure Statement was not disclosed on the Disclosure Statement. If HM Life Insurance Company of New York chooses to allow coverage for a non-disclosed individual, it will be necessary to re-underwrite the policy terms. In re-underwriting the Stop Loss Policy, if issued, HM Life Insurance Company of New York has the right to take the following actions:

- Revise the Specific and/or Aggregate Stop Loss Rates
- Apply a higher Specific Stop Loss Deductible to the Non-Disclosed individual
- Exclude the Non-Disclosed individual

By completing the Disclosure Statement, the undersigned Proposed Insured warrants that it is unaware of any Shock Loss Claims, Disabled Persons, Special Enrollees or COBRA Participants, other than those listed and/or attached to the Disclosure Statement. In addition, if HM Life Insurance Company of New York requires additional medical information on any individual disclosed, the Proposed Insured agrees to provide access to this information so that HM Life Insurance Company of New York may evaluate the risk and provide final terms. In the event the information the Proposed Insured provides in the Disclosure Statement is untrue or incorrect, or the Proposed Insured fails to disclose information of which it has knowledge at the time it completes the Disclosure Statement, HM Life Insurance Company of New York reserves the right to immediately terminate or limit the terms of coverage, change or modify the premium rates or Deductible Amount(s) or adjust the terms for the Aggregate and/or Specific Stop Loss coverage. If HM Life Insurance Company of New York suffers a liability, loss or expense due to such misstatement or failure to disclose, the Proposed Insured agrees to fully indemnify HM Life Insurance Company of New York.

As used above the term:

"Diligent Review" means a complete review by the Proposed Insured of the underlying health plan for known potential large claimants. A claimant is Known if prior to, or at the time Disclosure is requested, the Proposed Insured had actual information about the claim, or could have reasonably been assumed to have had such information, had it conducted a Diligent Review.

"Known" means information that affects the administration or underwriting of the Stop Loss Policy applied for, which can be reasonably assumed that the Proposed Insured had knowledge of prior to, or at the time of, Disclosure.

"Shock Loss Claims" means any loss that due to the nature of the injury, illness or diagnosis, the Proposed Insured reasonably assumes will result in a significant medical expense in the next 24 months.

"Disabled Person" means an employee who is unable to perform the substantial and material duties of his or her regular occupation for the Proposed Insured, or a dependent who is: (1) confined in a hospital or other treatment facility; (2) unable to perform the activities of daily living; or (3) cognitively impaired.

"Special Enrollee" means a Participant	t whose past claims have exceeded the plan's lifetime limits.				
As ofaccurate and complete.	(date), the Proposed Insured verifies, to the best of its knowledge, that the information herein is				
Verified by the Proposed Insured:

EXAMPLES OF POTENTIALLY CATASTROPHIC DIAGNOSES AND HIGH-COST DRUGS

The following diagnosis and high-cost drug lists provide examples of some diagnoses and high-cost drugs that could potentially result in a Shock Claim. Please refer to the instructions on the Disclosure Statement to determine if claimants with the following conditions/high-cost drugs are required to be disclosed to HM Life Insurance Company of New York. Shock loses are injuries, illnesses, diseases, diagnoses or high-cost drugs that are reasonably likely to result in a significant medical expense claim or disability.
